CAREER OBJECTIVE

Computer Science Engineering graduate and aspiring Software Developer with hands-on experience in React.js, JavaScript, HTML, CSS, Python, Flask, SQL, and web development. Experienced in developing responsive web applications, e-commerce solutions, and an AI-powered ITSM Helpdesk. Strong foundation in programming, problem-solving, and software development, seeking an entry-level opportunity to contribute to real-world projects and grow professionally.

INTERNSHIPS

PIXELOG - WEB DEVELOPER INTERN | TUTICORIN | 2026 May - August

- Built responsive e-commerce interfaces using JavaScript, HTML, CSS, and Wix.
- Integrated Wix backend services and APIs to support product, cart, checkout, and order workflows.
- Used AI-assisted tools to debug code and speed up development.

CODUX DIGITAL - REACTJS INTERN | CHENNAI | 2025 June - July

- Developed responsive web interfaces using React.js, JavaScript, HTML5, and CSS3.
- Created reusable UI components and layouts that adapt across desktop, tablet, and mobile devices.
- Collaborated with the development team to implement frontend requirements and improve user experience.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL

Frontend: ReactJS, HTML5, CSS3

Backend: FastAPI, Flask, REST API

Database: MySQL, MongoDB, MariaDB

AI & Machine Learning: RAG, ChromaDB, Hugging Face Transformers, LLM Integration

Tools: Git, GitHub, Linux, Wix, VS Code

PROJECTS

SPARE PARTS E-COMMERCE PLATFORM React.js |JavaScript | HTML | CSS | REST API

- Developed a customer-facing e-commerce application for browsing and searching car and bike spare parts.
- Implemented product browsing, product details, and shopping cart functionality with responsive interfaces.
- Integrated frontend functionality with backend APIs and collaborated with the admin-panel developer for system integration.

AI-Powered ITSM Helpdesk React.js | Python | FastAPI | MongoDB | RAG | Vector Database

- Developed an AI-powered IT helpdesk prototype for intelligent ticket intake and knowledge-base search.
- Built a React.js frontend and FastAPI backend to support helpdesk workflows and request handling.
- Implemented RAG-based knowledge retrieval using vector search to retrieve relevant troubleshooting information from documentation.

EDUCATION

Grace College Of Engineering (2022 - 2026) GPA - 7.3

B.E (Computer science and engineering)

Karapettai Higher Secondary School Percentage - 70%

XII (Higher studies)

CERTIFICATIONS

- ServiceNow Administrator — Tamil Nadu Skill Development Corporation (Naan Mudhalvan Scheme)
- Generative AI in Action — IBM SkillsBuild
